Welcome to July 2019 issue of the Prehospital Emergency Services Current Awareness Update.

The aim of this Current Awareness Update is to provide a digest of information supporting evidence based practice in prehospital emergency services. Access to resources from open access and NICE Evidence Search journals are freely available to Ambulance Trust staff. A number may be only available via your local Library services, where they exist.

Welcome to the July Issue

Not got an NHS OpenAthens account?

Only one-fifth of NHS ambulance service staff have an OpenAthens account. Don't miss out. Getting one is easy. All you have to do is self-register. Go to this link today and start your NHS OpenAthens journey. [https://openathens.nice.org.uk ]
Different ways to access the update

If you are reading this then you are already using the pdf/Word version of the Update. There are alternative social media routes you could try.

Twitter

Follow @LksAse or go to. This account Tweets the latest relevant research for Paramedic Practice as it’s published from scholarly/academic journals.

Online Bibliography

All this month’s articles included here are available through the Mendeley Group Prehospital Emergency Care Current Awareness Current. Notes access requires a free one off registration. Then click through to see the Abstracts with links to sources of full text.

Last month’s and all previous month’s articles are available from the backfile. This means that information about articles in in past updates is always available.

This Current Awareness Update was commissioned by the National Ambulance Research Steering Group comprising of research leads from ambulance trusts in England, Scotland and Wales and other experts and groups supporting prehospital research. The aim of the group is to support the strategic development of ambulance and prehospital research whether leading, collaborating in or using research.
The following research papers have been published in the last couple of months.

- Papers listed as **Open Access** are freely available in full text from the link provided.

- Papers listed as **NHS OpenAthens** will require you to log in with an NHS OpenAthens User Name and Password to obtain the full text. These links take you to the abstract initially. To read the whole paper, choose either ‘full text’ or ‘pdf’ from the options on the abstract page. The full text option will present the article as a single webpage, the pdf. option will open as a digital copy of the original paper. Selecting either will open a page with the following link for you to enter your Athens username and password; To create your own Athens username and password, simply visit: https://openathens.nice.org.uk/

- Where papers are not available either through Open Access or with your NHS OpenAthens you may be able to get access through your own Library Service or from the LKS ASE Request an article service, or University Library, if you are registered on a course.

The research papers have been arranged by the topic headings below: (Ctrl & Click on the heading to go straight to that section)

- **Prehospital Practitioners – Professional Development**
- **Prehospital Research – Methods and Discussion**
- **Diagnosis & Triage**
- **Patient Profile**
- **Helicopter Emergency Medical Services**
- **On-Scene Interventions**
- **Airway Management, Resuscitation & CPR**

You can find the complete **archive** of the .pdf version of Prehospital Emergency Services Current Awareness Update at the link below.
